### PROFILE

Hello there! I'm an illustrator and motion animator, and I am a reliable, hard-working designer who has worked on various research projects and marketing stores as a freelancer.

I have designed public projection mapping exhibitions, social media gifs, and company explainer videos. I also have extensive experience with digital and print illustrations. I am proficient in After Effects, Illustrator, Photoshop, and Premiere.

I have a personal at-home design studio to ensure on-time, quality work with a quick turnaround time. I'm a self-starter who's passionate about helping you create professional, practical illustrations and animations for your needs!
